## AIRO H PLUS PREMIUM LUBRICANTS

### Applications:

The AIRO H PLUS is a high performance, multifunctional compressor and vacuum pump lubricants designed for use by those that need a step up in performance from the typical petroleum oil. These may be considered environmentally friendly since they are zinc free. These premium oils are designed to give improved performance. The AIRO H PLUS has a service life of 8,000 – 24,000 hours under good operating conditions in Centrifugal Compressors.

### Typical Industrial Applications:

- Rotary Screw Compressors
- Rotary Vane Compressors
- Centrifugal Compressors
- Reciprocating Compressors
- Vacuum Pumps
- High Pressure Hydraulic Systems
- High Pressure Turbines

### Performance Benefits:

- Excellent rust and oxidation inhibitors
- Zinc free
- Will not foam
- Great demulsibility
